Farewell to the Queen

In 1935, 9-year-old Princess Elizabeth was asked what she wanted to be when she grew up. Her answer? "I should like to be a horse!"

Although she grew up to be a Queen instead, Elizabeth continued to enjoy riding her Fell pony Fern until shortly before her death this month at age 96.

(Does Fern look familiar? That's because she and our Romeo are the same breed and color.)

Horse Tales

Our summer reading and riding program for 4th and 5th graders was a big success. The children enjoyed learning about horses, reading about some remarkable true-life equines and, of course, riding. At the end of the week, each child took home a bunch of horse-related books appropriate for their reading level.

Thank you to the Middlesex Bank Charitable Foundation for supporting this new endeavor!

USEF Features Horse SenseAbility

Horse SenseAbility is highlighted in the fall issue of the US Equestrian Federation magazine.

The article "Lessons Learned from Horses" (<https://bit.ly/3DnA0sy>) is about programs such as ours that teach participants horsemanship and life skills in addition to riding.

We're proud to be recognized by USEF for the work we do!

Meet Denver

Denver (Denny), our new barn manager Sam's mount, originally hails from Alabama. Although he's only 5 years old, Denny is already competing at 1st level in the dressage ring. Denny's transition has been extremely smooth and he is happy to join the herd at Horse SenseAbility.
