The Difference We Make

Every week, young people walk into our barn with anxiety, depression, behavioral challenges and physical hurdles.

They leave a little happier, a little braver and a lot more confident.

Equine-assisted services support both mental and physical growth. **Participants experience reduced anxiety and improved emotional regulation** while **building coordination and communication skills** through their connection with the horse.

2025 Impact at a Glance

In an evaluation in Fall 2025, parents:

- 94%** reported improved overall well-being
- 70%** reported better and more self-regulation
- 86%** saw stronger empathy and social connection
- 79%** said their child has participated for 1+ years
- 100%** would recommend Horse SenseAbility

Our Program Reach

- 2,701 lessons** delivered in 2025
- 142 riders** served (aged 2 and up)
- 75 weekly participants** during the school year
- Up to **50 additional youth** each summer
- Participants from **5 counties**

Affordability

No one is turned away because of cost.

- 27%** of families receive financial assistance
- \$21,612 in scholarships** provided in 2025

"My daughter walks into the barn quietly, greeting each horse, and you can see her begin to relax. She leaves each session with a sense of calm and contentment that lasts for hours."

Thank you for riding alongside us!

Because of you, our horses are cared for, our barn doors stay open, and young people have a safe place to grow.

How We Improve Lives

From first rides to job readiness, we support the whole journey. **Six core programs** meet individuals and families where they are:

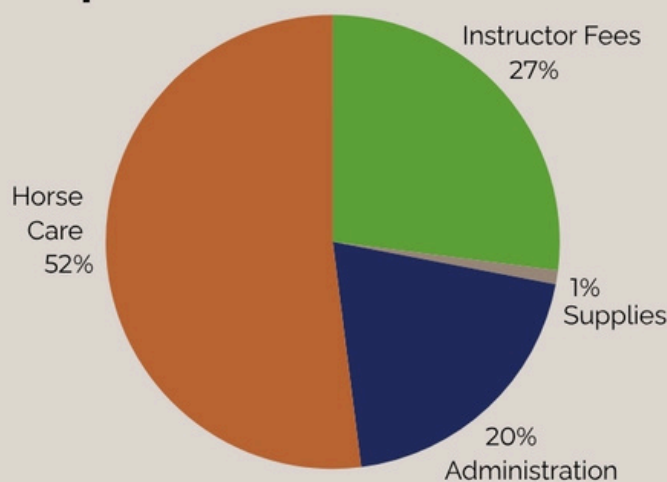

- Therapeutic Riding & Horsemanship
- Occupational Therapy on Horseback
- City to Saddle camp for underserved youth
- Horse Tales reading & riding camp
- Hugo's Pony Club for Preschoolers
- Wildstar Wranglers vocational training for young adults with autism

Powered by Community

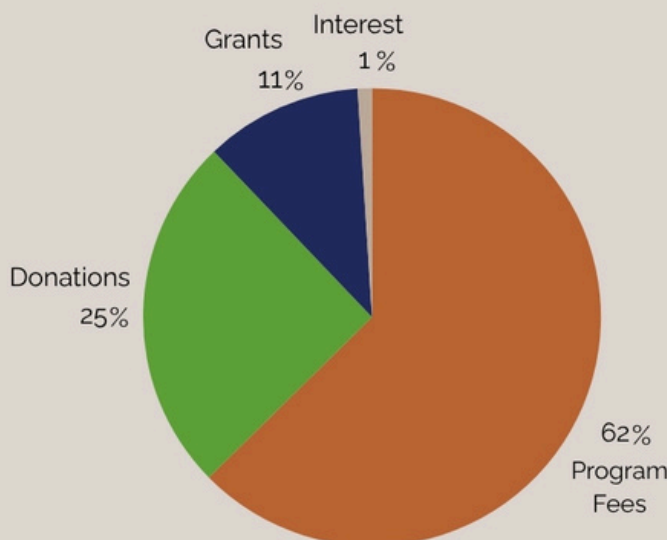

- 30 volunteers donated **1705 hours** of services
- Supported and affiliated with dozens of **local and national organizations**
- Referrals** from schools, healthcare and social service providers and national organizations
